TRUE STORY ABOUT OUR MEN OF THE JEWISH BRIGADE

Persons of other religions and certainly every Jew should read the story of how Almighty G-d came to the Jewish people's aid in their hour of need. Hashem helped us leave Egypt. He helped us leave the ashes of Europe during the second World War. The book "NO PLACE TO GO" records the events leading up to our first win doing battle against the Germans in Northern Italy in late 1944.

There is much more.

The members of The Brigade fighting under the Star of David BEFORE Israel came into being in May 1948, performed other amazing tasks – all thanks to Hashem. We exalt Hashem for helping us hunt down and annihilate the fleeing SS German officers; we hear how we helped and transported thousands of ailing former Jewish camp detainees, women and children, get to Palestine. If this was not enough, we hear how 58 of these well-trained- British Brigade soldiers became the spine of the newly formed IDF which saw us defeat *six* Arab armies. BH.
